

Product Description of EnviroClean

- Formerly known as EC-165
- Water based, biodegradable, blended, surfactant, concentrate product
- Completely miscible in water and will not cloud or separate upon dilution
- Emulsifies and encapsulates hydrocarbons and fats, oils, & grease instantly
- Increases hydrocarbon degradation
- Suppresses VOC vapor release
- As a wetting agent, dramatically reduces surface tension of water
- Product color serves to help identify sheening for spill response
- Does not contain builders, petroleum distillates, caustics, tall oils, D-limonene, terpene, or nitrates
- Unlimited shelf life (*unopened*)

Application & Uses

- Surface Washing Treatments - USEPA NCP Listed SW-#31*
- Hard surface flushing & recovery enhancement
- Soil remediation / biodegradation
- Suppression of VOC vapors & odors
- In-Situ free product recovery enhancement (LNAPL's)
 - o Soil and groundwater
- Effective for degassing of tanks and equipment
- Industrial cleaning and parts washing
- Spill clean-up & emergency response
- Fire fighting agent

EnviroClean Benefits

- Affordability—effective at light concentration working dilution (i.e. 1% to 6%)
- Environmentally friendly
- Quick, easy, and safe to use
- Permanently removes the contaminant from the environment
- Immediate encapsulation of VOC's saves downtime and lost revenues
- Enhances the natural biodegradation process of the hydrocarbon material with no added bacteria
- Effective cleaner with fewer downstream complications

* Enviro Clean 165 is on the USEPA NCP Product Schedule. This listing does not mean that EPA approves, licenses, certifies, or authorizes the use of Enviro Clean 165 on an oil discharge. This listing means only that data have been submitted to EPA as required by subpart J of the National Contingency Plan § 300.915.
